Congratulations an amazing effort - he completed the Rubik cube in 15 minutes.

Newsletter Week 6 Term 1 2020

Small School's swimming last Friday

Congratulations to the kids who represented us at this event. The results are in and I'm thrilled to say that this year we have students to compete in the Te Kawau Championships at The Lido, Palmerston North - well done Sanson swimmers. As yet we do not know who the swimmers are but will let you know as soon as we know.

Thank you to Carl for being our timekeeper and Mr Kearney for making the amazing lane markers - they looked great and worked really well. And of course the kids for setting up, and clearing away everything. A great team effort.

Reading books/Library books

Please have a look under beds and in cupboards for any Sanson School books and return them to school so others can use them.

Magazines

On Thursday the seniors will be completing an art activity that uses glossy magazines - please send in some (that ARE appropriate!) for us to cut up...

Te Kawau Triathlon

This annual event will be held here on Friday March the 20th starting at 10am. All seniors will be involved and we need adult/child helpers to set up the course, selling food (see Jen), being a marshal, or unpacking the course. The day includes team and individual events - please help your kids train!!!! Swim, bike, run...

School arrival time

Please do NOT drop your child(ren) off to school BEFORE 8am. We will open the doors at 8am when 2 adults are on site and we can not guarantee the safety of students before then...

Sanson School swimmers in action at the pool - congratulations to you all.

Regards Jude and the TEAM Together, Everyone, Achieves, More
