OF BEING AWESOME**

Go Bananas Show

We have been given 10 free tickets to this great show being held at Palmerston North Boys High on the 9th of September at 6pm. If you'd like tickets for your Y1-5 children then get in quick and see Jude for them. Kids who have gone to the show in the past have loved it so come on down and get your tickets!

Kia ora Parents

Educa invite

Senior and junior class now have new posts of recent events - CHECK IT OUT and make a comment that we can share with the kids... please see the attached page for more information.

Te Manawa visit - Y1-3

Only 4 juniors went to Michelle Robinson dance at the Globe Theatre and then on to Te Manawa last Friday. Thanks to Jen for providing transport and joining in for the day. The photos show some of the things we did. It was a great day and a fantastic learning outside the classroom opportunity.

Football/soccer tournament this Friday at Oroua Downs

All Y5-8 students will be participating. Please make sure they are here on Friday - the team needs them! Transport will be provided by school but a couple of parents to help would be excellent - no you won't need to be a referee - local High School students are the refs! Please let us know if you can provide transport.

Leaving Sanson School at 9am back before 3pm.

Teacher Only Day

No - we aren't having one - we have our training days in the school holidays not in school time! Feilding High had a teacher Only Day yesterday. It was lovely to have Sasha, JJ, Kimmy, Elliott, and Kate visit and help out in the senior room and play with the kids at break times... they've all got do much taller and are still such nice kids.

They're welcome back any time!

Kia Ora Parents

I am reaching out to thank you for connecting to our online platform, Educa. This is going forward to create a more effective Hybrid Learning model at Sanson School.

In the current climate, it is likely that students and households will continue to spend lengths of time away from school. Using Educa, we can provide a more streamlined approach to communicate and share learning between school and home so your children can remain connected, engaged and excited about their learning journey no matter the circumstances.

This term, you can expect to receive a new class story every week and I invite you to "like" and/or comment so that we know you have enjoyed the update. You may also like to post a story of your own on Educa so that we can see what your child(ren) has been up to at home.

In time, you will receive more personalised stories from us, about your child(ren's) learning, goals and next steps. Your child(ren) also begin to share their own posts, taking ownership of their progress and feeling proud to share it.

I really look forward to continuing to strengthen the connection between home and school for our students at Sanson School and thanks to this great technology, it is easier than ever.

Thanks again,

Jude and the team.

Parent Perspective - Gareth Sharp

"I would encourage all parents to sign up for Educa - it has been fantastic to see what Lauren has been doing at school and being able to like or comment is great because Lauren can see that I'm involved in what she is learning at school".

"I liked the simple easy way to sign up - the chocolate was pretty good too".

"I haven't uploaded home information yet but can see the benefit to the whole school community - it's a very fast way to receive information about what is going on at school - brilliant".

Right Photo: this is how the app looks on your cellphone - it's really easy to navigate.
