### Senior Class Speeches

All senior students are working on their persuasive speeches. These require a strong opening statement. Paragraphs 3, 4 and 5 reason's that support the opening statement and persuade your audience. Finally the closing statement should reiterate your opening statement with a final punch line that nails your topic.

If you can take the time to talk to your child(ren) about their chosen topic - it helps them shape up their argument and practice the delivery of their speech.

### Educa update

Hi all - Chris and I have been posting on Educa and we welcome your comments...congratulations to the new sign ups! Chocolate bar coming your way!

If your child is away from school (unwell) maybe you could sit down with them and fill in their Educa profile - it's easy to do and it would give a recovering sick child something productive to do!

### Free lunches in School

The BOT are looking into providing Ministry of Education free lunches at school (Gluten free, Halal and vegetarian options would be provided). At this stage we are considering Monday -Thursdays for the free lunches with the Friends of the School (Jen) providing a bought lunch on a Friday like we used to do.

Please let us know if you would take up the Mon -Thurs option of a free lunch so we can discuss this at the BOT meeting on the 30<sup>th</sup> August. Text Jude with a yes or no answer please...021 709719.
