Eid thank you

Chris and I would like to thank Mohammed, Arzu and their family and

Jan and I would like to thank Mohammed, Razimun and their family

for welcoming us into their home to celebrate Eid. We were made to

feel very welcome (and treated to yummy food) to mark the end of

Ramadhan and celebrate Eid.

BOT meeting

The next BOT meeting is on the 17th May at 5pm in R4. It would be

great to have people considering standing for the BOT Elections in

September to come along and see what a BOT meeting is like and how

you can help shape the school in the future. It's also a good

opportunity to talk to Gareth, Tasneem, Angela and Sai about being a

trustee.

Parent/teacher/child Interviews

Please book your time asap - we always strive for 100% attendance so

expect a phone call to tee up a suitable time if you haven't already

returned your booking sheet...

EDUCA update

Thank you Sariah, Fiona and Katrina for letting me know you are able

to access the EDUCA digital platform student Portfolio...hopefully

you've all had a chance to view the learning story that is already

'loaded' and maybe you could complete your child's profile or add to it

if I've already loaded it for you. Only 4 students returned their paper

copy of their profile so the rest need to load it online. Have a play

around on the site - experiment and see what you can add. Share it

with your child(ren) and have a chat about their learning...

Spelling

It would really help your child(ren) with writing if they could spell

quickly and accurately - we have sent home lists to help but they

actually need to spend the time they need to LEARN them - please

see Jude or Chris for another copy of the 'Essential Lists' and or use

any of the other lists we have sent home!!! Let's work together to

improve spelling - maybe less time on devices, less TV, more spelling!

Ka Kete anō

Regards Jude and the **TEAM** **T**ogether, **E**veryone, **A**chieves, **M**ore
