### Field trip to Awahuri Forest/Kitchener Park

We had a lovely day yesterday out in the bush with experts leading our 4 sessions. We began with a waiata and karakia to set the tone and Dennis shared Ngati Kauwhata history with us.

Our second session was with Rowena and the kids learnt about birds found in the bush and a little about extinct birds too e.g. the Huia.

The third session was a scavenger hunt for various types of fungi with Christina.

The final topic was trees - there are some really tall kahikatea and totara in the park. The kids learnt about the kanuka, manuka and which leaves/plants smell like lime/lemon or taste like pepper.

### Interschool Cross Country
