Wonderful reading results

After 2 different reading assessments this term I'm thrilled that of the 14 eligible aged students 12 are reading with good comprehension at or above age expectations with only 2 working towards meeting age expectations. Students scored between 90- 99% accuracy with 4 at 99%, 2 at 98%, 3 at 97%, 1 at 96%, 1 at 95% and 1 at 90%.

Comprehension ranged from 2.5/8 (ouch) to 6/8 for younger readers and older readers ranged from 6.5/10 to 7/10 so a pretty consistent effort. Overall – VERY PLEASING!

Congratulations BOT
