24th February - BOT Meeting in Room 4

March

Y7/8 immunisations, date to be advised.

Birthdays

2nd January - belated birthday wishes to Aleasha Davis and Jude - 5th January.

Hats

These were issued today - if a school hat turns up at home please send it back to school asap.

2021 Staff enjoying their 1st day back.

Welcome back to another great year at Sanson School - it is lovely to see keen kids with smiles on faces! (and teachers/staff too!)

2021 - that date doesn't even seem real! - Let's hope 2021 is better than 2020 regarding Covid 19 and that we make it through the year without lockdowns...but at least we know how to manage a lockdown if we have to!

Last year students all received a workbook from the Ministry of Education to maintain their learning during lockdown - if these could be found and returned to school we would have them ready to re-issue if the need arises in the future and we'd be able to see what help each child might need in order to successfully complete them.

Danger at School

Please ensure your child (ren) keep away from the piles of felled trees on the front field and southern fence-line. The area is not safe. The Sanson Community Committee and school will be working towards clearing the area - selling firewood and re-planting the fence-line with native trees in partnership with the Manawatu District Council.

TOP SCHOOL COMPETITION

See attached sheet and return tomorrow please!

Raffle - Kris Astwood has kindly built a planter box/seat (1st prize) and we have some lovely packages of books (2 different sets of 10 across 3 different age groups) - (2nd prize)

We need parents to sit at the Sanson stall and sell the tickets - sorry but I'm away (it's David's 60th birthday and we have family celebrations to attend) - so HELP, HELP, HELP as it's the first time in 31 years that I will NOT be attending!!!!

Friends of the School - (FOS)

Jen would like to have a meeting of interested parents to get this wonderful group up and running for this year. A meeting could be held as you drop off kids to school 9am or when you pick them up 3pm or another time to suit - please get in touch with Jen 0212683441 to let her know when you could meet/help.

I'd like to thank Jen for the amazing work she and her team do for the school - lunches, BBQs, events, camp food - just wonderful. Please step up and help so the load is spread (and sociable).

Regards Jude and the TEAM Together, Everyone, Achieves, More
