##### Water safety programme

Yesterday our Y7/8 students worked with Lifesavers, Lions Kids 'n' Us members and Tangimoana seniors in our lovely pool. A huge thank you to the Lions for organising this water safety programme and another huge thank you to the pool team who keep the pool up and running and soooooo lovely.

##### Te Kawau Small Schools Swimming Sports

These are here this Friday. All Y4-8 swimmers need to be ready to start at 9.15am and we need help setting up and running the events. Kopane are running a sausage sizzle and drink sales (as this is usually their event). So no help needed for food sales from us but timers, marshals and helpers would be great.

A free swim for Tangimoana and Sanson kids will follow the sports event. Mr K has spent the weekend making lane markers so our pool should look even more ready for this annual Te Kawau event.

##### Skateboards

These have become VERY popular lately and we wonder if anyone out there in the community could help our seniors build a ramp or two they can jump over? Any ideas?

##### After school working bee

Weekends are pretty precious so we'd like to organise a working bee one afternoon/evening prior to ANZAC Day to make our grounds even more beautiful than they are currently - a recent visitor from the Ministry of Education said she was 'blown away' by our lovely grounds - the mature trees, the developing wetland area, the gardens (which actually look pretty sad at the moment after summer drought), the cenotaph area which kids use to read and play under for shade.

It was great to get positive feedback about our grounds but there is much to do to make them healthier and weed free...details in the next newsletter!

##### Te Kawau Junior Rugby Registrations 2020
