Country. This will be in the afternoon.

18th June - Te Kawau Cluster Junior Gymnastics

School Colour Fun Run 22nd June

Birthdays

6th May - Hamzah

Al-Asad turns 8.

We hope you have a great day.

School Lunches

Once again we would like to acknowledge Jen Berquist for all her hard work. The lunches provide Friends of the School (FOS) with much needed funds that support the school with financial contributions to school camps and a wish list of items that support student learning at school. Your support of these fundraisers helps your child's learning.

Carpet cleaning

Also over the holidays we had our carpets professionally cleaned - everything is looking clean and fresh heading into the winter months...

Term Calendar & FOS Term lunch menu.

Welcome to Term 2

We have many, many, many exciting learning opportunities lined up this term: Gymnastics coaching for all students for 5 weeks with Manawatu Gymsports, Robotics with gear from the Feilding Library (coding, building, programming, digital learning), swim safety for seniors, Zerowaste (an Enviroschool challenge), Winter Warmers reading challenge, cross country, gymnastics festival, Intergenerational Buddy programme - using the expertise of our community (hopefully in Kapa Haka) to name just a few highlights...

Restorative Practices workshop

Thank you to the staff and BOT who attended this informative workshop. It was another step in our PB4L-SW journey. A summary of the key points - the importance of whanaungatanga - relationships being the key to more effective teaching and learning. Relationships between kids/adults, adults/adults and kids/kids...lots of examples of effective teaching were given/shared and ideas of how to get to know kids and their whanau really well (although being such a small school we already know our kids extremely well).

Parent/teacher/child Interviews

Last year Covid lockdown meant we only had these interviews for a few people...this year we'd like to go back to achieving 100% attendance as we usually do...these will be scheduled after Queen's Birthday weekend.

Electrical upgrade

Over the holidays an electrical upgrade was completed which included hot water to the staff toilets and medical room (the kids have had hot water for 2 years!). We also now have lots of new electrical plugs that all have RCDs built in.

Regards Jude and the TEAM Together, Everyone, Achieves, More
