

## Newsletter Week 9 Term 2 2020

A massive thank you to Shane Hainsworth (Kimberlee's Dad) for delivering all the phone books to Sanson village households and businesses. The job is nearly complete and brings in about \$800 for the pool. We are also submitting an application to the local Sanson Community Committee and Sanson Market Committee to provide funding for the next summer season. We desperately need funds - the pool account is currently at an all-time low (\$775) and we really want the pool open again this coming summer.

If you can help in any way see Jude.

## Te Kawau Junior Gymnastics

A separate notice for this came home yesterday. Helpers are still needed. Friday 26<sup>th</sup> starting at 11 for the sausage sizzle and 12.30 to start the gym activities.

## Seniors baking

It was amazing to see the seniors bake bread last Friday - some gorgeous results! YUM...

As you see our bread making was a huge hit, all students made their loaf from scratch, then their own sandwiches. There was a beautiful smell coming from the staff room.

## PRIME maths

We are considering bringing PRIME maths into Sanson School. All students sat an assessment test to see which level they would be placed in.

Quite a few younger students really struggled with some of the instructions, which made it really difficult for them. After talking to our juniors I was very surprised to learn that some hardly ever read at home. Kids in Y1-4 need to be reading at home **every night**...they have book bags that they can fill with 10 books from their book boxes and you are welcome to pop in any time and choose more from the resource room when they get tired of their selection! We need your help - simple really - no play station or device until 10 minutes shared reading is completed - this is not hard but could cause a fuss at first!!!!

## Fun Run Information

Please see the attached sheet all about the Colour Run at school.

## Birthdays

Kasey Berquist will be turning 5 on the 27<sup>th</sup> June and will be joining us from the beginning of Term 3.

Regards Jude and the **TEAM** **T**ogether, **E**veryone, **A**chieves, **M**ore
